

## CMA1610-FET/1810-FET Auto Feed Double-head Laser Cutting Machine

Plush fabric cutting

Pure cotton T-shirt laser cutting

Skirt hollowing

Upper vamp hollowing

Cloth shoes laser cutting

### Features

1. Twin laser heads are available for CMA Series laser cutting machine.
2. Compatible with CAD、CORELDRAW、GERBER design software, user friendly interface.
3. Up to 128 files storage memory, operator can choose files from controller directly, efficient for mass production.
4. No signal distortion in long-distance transmission, strong anti-jamming capability.
5. Laser head distance can be adjusted automatically, depending on the nesting result.
6. For odd-number work patterns cutting, one laser head automatically turn off.

### Specification

Power	60W/80W/100W/130W	Speed	0~30m/min
Wavelength	10.6μm	Cooling method	Water
Supply voltage	AC220V±10%	Work environment	Clean, less dust Temp: 5~40°C, Humidity: 5~80%

### Dimension & Weight

Model	Work Area	Weight	Overall dimension	Model	Work Area	Weight	Overall dimension
CMA1610-FET	1545mm×950mm	458Kg	2260mm×2163mm×1112mm	CMA1810-FET	1745mm×950mm	515Kg	2460mm×2163mm×1112mm

### Material

Cotton, linen, leather, paper, chemical fiber.
