

CMA4030 Desktop Laser Engraving Machine

Portrait engraving

Paper cutting

Card engraving

Crystal & acrylic engraving

Plastic engraving

● Features

1. Small size occupation.
2. High-performance controller, support DXF, AI, PLT, DST, DSB graphic formats.
3. High precision linear guide rail and stepping motor, equipped with light laser head quick motion.
4. Fume exhaustion system guarantees clean work environment.

● Specification

Power	25W	Cooling method	Water
Wavelength	1.06μm	Weight	76Kg
Work Area	400mm×300mm	Overall dimension	860mm×672mm×465mm
Supply voltage	AC220V±10%	Work environment	Clean, less dust Temp:5~40°C, Humidity:5~80%
Speed	60m/min		

● Material

Nonmetallic material like rubber, plastic, acrylic, ceramic, crystal, wood, bamboo, and paper etc.
